

INSTRUCTIONS FOR VIDEO UPLOAD

As video files are usually much too large to email, to submit your one minute performance video, please follow these instructions:

Visit <http://wikisend.com/>

Click on "CHOOSE FILE," select the video file on your computer.

Then Click "Properties," give your video a name and be sure to click the "I want to receive resulting link by E-mail" box and enter your email. Then click "UPLOAD."

Wait for the Video to load - it will take a few minutes.

A page will appear with the download link. Copy and paste the link into an email to rangeleyarts@gmail.com. Include your name, age and MUSIC CAMP in the subject line.

We will download the video and send it along to our Camp Director for review.

Thank you!
